Missing Toolbar in Discussion Forums

If you are using Internet Explorer 11, you may experience a missing toolbar from the discussion forums when attempting to post:

To resolve the issue:

1. Click the gear in the upper right hand corner of the page.
2. In the drop down menu, select Compatibility View Settings.
3. The “luthersem.edu” site should be filled in already. Click **add**, then **close**.

4. When you return to the forum page, the toolbar should re-appear.
